ACKNOWLEDGEMENTS

This book was made possible by the hard work of numerous people including various members of the Genealogy Society that had started this index many years ago including Ruth Camarata, Betty Blomeke, Jenny Blomeke, and Lucy Funk. Later the project was picked up again by Roselyn Wells and Carol Pettit and wrapped up and compiled then by Roselyn Wells. Lucy, working for many years on the Recorder's Office Wills let us publish her research also and she deserves a lot of credit for her dedication to genealogy. Everyone, many thanks for your hard work.

A very big thank you to the Clerk's office for its support and help especially to Barbara Haynes and Jacqueline Rowan. Their cheerfulness made this project a joy especially the last 30 will books entered.

Attention: Microfilm Dept.

Note: If you have an email address, please enclose it with your request in case there is a question.

Information to include in your request: Name of person, Book number, page number, how many pages, and microfilm number if applicable. If your name is from the Superior Court Will books or the one probate book, you need to mention this information.

These records are located in the County Clerk's office at the DeKalb County Indiana Courthouse but some additional wills may be located in the Recorder's Office. Also there may be wills in the probate records – one such will was brought to our attention by Lucy Funk while we were indexing. It will be located at the end of the Circuit Court Will Record Books. Records indexed may be from valid wills, widow/widower's elections, invalid wills (revocation of the will), joint wills where only the one spouse died, codicils, petitions for probate of wills, trusts, and affidavit of deaths. Land was very important to our ancestors; so some wills are deeds to heirs for the property they owned. Wills from Will Book 2 & 3 were almost totally destroyed by the courthouse records fire in 1913. Many of these names do not have a complete will, only a name and very brief comment. Will Book 5 was burned up in the 1913 courthouse records fire.

Will indexes from books 1-6 were retyped from the list compiled by various genealogy society members including Ruth Camarata, Jenny Blomeke, Betty Blomeke, and Lucy Funk. It was sorted and put into numerical order. Page by Page it was checked with the original Will Record Books. If there was a discrepancy in the names or page numbers it was double-checked and changed. Page numbers were also added for each page of the will instead of just the starting page of the will. It was then put into a format to have later Will Record books indexed and added to this database. Will Books 7-8 were copied by Carol Pettit. Will Books 9-36 and Superior Court Books 1-4 were copied by Roselyn Wells. An effort to be as accurate as possible was made. Please excuse us if any mistakes were made and please check out your original wills as these records are invaluable to your research.

Original wills with signature are available after 1913. You may email or write the Clerk's office to inquire how many pages the original will has. The wills, etc. that are indexed in this book are the typewritten or handwritten copies that are bound and are available in the courthouse. Again, you need to contact the courthouse to find out the exact copy count of the "original" signed will if you would like a copy of that instead of the "copied" wills.

Circuit Court

Information below includes book number, approx. dates included in book and Microfilm Roll Number and misc. information. Please keep in mind that some wills have very little information left (sometimes only a name and page number) because of the 1913 courthouse records fire. Some will records are very long and you may not want a copy of each page. Please contact the Circuit Court if you would like to have more information.

Will Record Book 1 Jan. 7, 1852-Dec. 17, 1877 #M-42

Will Record Book 2 See below

Will Record Book 3 Jan. 28, 1878 to Oct. 3, 1910 #M42

No. 2 & 3 are in the same book. No. 2 Runs to page 224 where Will Record No. 3 Commences. For ease of Indexing - these were split up into their separate numbers (2 & 3).

Will Record Book 4 March 6, 1900 to January 8, 1908 #M43

Note: Some of the pages were marked out with no number assigned to the crossed out pages. If the last number was 433 and the next pages were not numbered (or reassigned a number), then I marked them 433a, 433b, 433c, etc....this is to show you how many pages there were all together so if you want a copy of the will, you will know how much money to send. The microfilm department person was told of this and thanks you for your patience. This method was used to aid in the indexing of the wills also. When I put the book together there wasn't enough room in the columns sometimes for the pages to be individually listed so please go by the number of pages totally in the will which is listed last.

There were two different courts after 1986 and some wills were assigned to the Superior Court to ease the work load of the Circuit Court.

RECORDER'S
OFFICE
WILL
INDEX

Part 1

PART

1

An Index of wills available in the Recorder's office was published in a DeKalb county Indiana Genealogy New Newsletter "DeKalb Diggings", Vol. III, No. 2 Summer, July 1997, Pages 28-30. This was researched by Ruth Camarata.

This index was reformatted to be in the same format as in the rest of the book: b = deed or record book and p = what page it starts on. BUT it does NOT have the number of pages that are in the will. Additional information will be noted in parentheses.

WILLS IN THE DeKALB COUNTY RECORDER'S OFFICE

In the DeKalb County Clerk's Office, in the first room, is another will index titled "Will Index-DeKalb County, Indiana 1852-1912." When you open the book, Ditch Record is written at the top. This is a different Will Record Book than the will indexes published before in this newsletter. Troas Wise compiled a copy of this index that is available at the Eckhart Library. (note: It is now located at the Willennar Center, a service of the Eckhart Public Library of Auburn, IN.) Most of the names recorded in this index are the same as those recorded in Will Books 1,2,3,4, & 6, but many do not have a book or page number. There are some names that have a date filed, and instead of Will Record Book number and page number, have Recorder's Office, book and page number. These are wills recorded in the Deed Records in the Recorder's Office. The following list is compiled and alphabetized from these references to wills in deed records in the Recorder's office. An attempt was made to be as accurate as possible with the actual will checked when the reference was incomplete or name questionable. Every will in this list was not checked for accuracy. Sometimes a name was listed in this will index but when you look in the deed book the will was not for that person, they were an heir of the will. Sometimes the will was listed in both a Will Record Book and a Deed Record Book.

This is still not a complete list of all the wills in the Recorder's Office. To look for a will in the Recorder's Office you must look in the General Index to Deed Records - Grantor, within approximately five years of your ancestor's death. The index is only alphabetized for the first letter of the surname. Look under the column type of deed, for a will. Then follow across to where it lists the Deed Book and page number. The index to each deed book itself only lists a name and page number. There are also wills listed in the Miscellaneous Books. Each book covers certain years. Some wills may be listed in the index of the book but not all, it mostly just gives names and page numbers. You really need to know a date of death to do a good search for your ancestor's will. The Courthouse fire in 1913 (note it was the Courthouse Records fire in 1913 - the records were stored temporarily elsewhere while the new DeKalb Courthouse was being built) destroyed many Clerk's Office records

but not the Recorder's Office records. Some names that had "badly burned" beside the name in the Will Record Index were complete in the Deed Book. Most wills are in the Clerk's Office but it may be worth a try to look at these land records if you have been unable to find a will elsewhere.

Lucy Funk gave us this information October 2003 to publish with our D. C. I. G. S. Will Index Book. Some of this information is a duplicate of what was done previously in Ruth's research. A decision was made to publish both because Ruth did have some different information in her index than Lucy did. Lucy named how many pages were in each will, and added more names and more information to the information that we had previously through Ruth's research. Thanks so much to both of these dedicated genealogists.

WILLS LOCATED IN THE RECORDER'S OFFICE
Research and Information Contributed by Lucy Funk

Following are some of the Wills located in the Recorder's Office. Many of them are "foreign" wills (Wills from outside of DeKalb County) and are recorded in DeKalb due to the fact that there were heirs in this county. Other Wills were recorded because Real Estate was being given to heirs and the Will was recorded with the deed.

We have sought to provide some basic information so you can determine if the deceased may have been one of your ancestors. In most cases, not all the heirs are listed in the Miscellaneous Information column. As we research in the Recorder's Office and Clerk's Office we may add to this list in the future.

To receive copies of these Wills, please send a Business size SASE to the County Recorder, Recorder's Office, DeKalb County Courthouse, Main Street, Auburn, Indiana 46706. The charge for the copies is \$1. per sheet.
